

RIDING PROGRAMS 2007

Riding is a unique activity in the sense that it allows all children the ability to feel in control. It provides an excellent arena for building self-confidence and is also a great way to meet other campers of all ages who share a common interest. The equestrian program at Lake Bryn Mawr Camp is designed to be unique to each camper, no matter their age or skill level, with an emphasis on the hunter/jumper aspect of English riding.
